- Complete the CF400 (<https://www.cbp.gov/document/forms/form-400-ach-application> or next page).

- The payer will be held responsible for any errors that result from incorrect account information.
- If multiple accounts are to be used, complete a separate application for each account.
- If you use more than one broker, only one broker needs to be identified on the application.
- Be sure all bank information on the application matches the information on the check specification sheet.
- Email the completed CF400 to ACH-Customs@cbp.dhs.gov.
- The usual application processing time is 7 to 10 business days.
- The Revenue Division will contact you in writing to inform you of your Payer Unit Number and the effective date of your ACH participation.

After CBP approves your ACH:

- Provide your ACH Payer Unit Number to all your brokers. Then the broker can set up its software to process your entries so the duty/fees will deduct from your ACH account directly to CBP (instead of through the broker).
- Select your preferred payment method:
 - Daily: Pay each entry by the 10th business day after Cargo Release (our default 8 business days).
 - Monthly: All CBP duties/fees from one month will be queued and paid at once on the 15th business day of the following month.
 - If you are not already activated for monthly (Periodic Monthly Statement), the broker can apply to CBP (takes about a month for CBP to activate).
- Advise your company contact emails to notify about your daily/monthly ACH payments.
- Reminder that the Importer always must ensure to maintain sufficient funds in your ACH account.
- If your payments ever fail (insufficient funds/etc), CBP will issue the liquidated damages for failure to timely pay your duties/fees.
- CBP could suspend/revoke your ACH account and/or could require immediate payment of each entry's duties/fees upon Cargo Release instead of on the Entry Summary date (10 business days after release).
- Note your surety bond company may bill the surcharge for PMS payments (depends on the surety's terms/rules).

However, failure to provide this information may result in the inability for an importer to participate in ACH Debit or Credit payment programs to pay Duties taxes and Fees related to entry. Brokers are able to place eligible entry summaries for activated non-portal accounts on a broker or importer statement. For further details, please see the Federal Register Notice (FRN), 70 FR 61466, published on October 24, 2005, announcing the establishment of non-portal accounts, as well as any other applicable FRNs, at the following link: <https://www.cbp.gov/trade/priority-issues/revenue/revenue-modernization>.
